“ Am truly sorry and know the family is relying on the great memories of times past with Buron. May those great memories be of great during this time of mourning. Stay close and surround yourself with the love he showed you one and all. In sympathy from my family here in Houston. My best memories of you all if from the family reunions held on the first Sunday in June at the Antioch church. Those were great family times.

“ Uncle Buron was a exceptional person and a great Uncle! I will always treasure the times that we got to go hunting and fishing with him as kids. He was a patient teacher (in how to hunt and fish), and always a pleasure to be around. We will miss him on this Earth, but look forward to joining with him again in Heaven.
