“ *There are too many memories in my heart to share. Charline moved to this area when she was 17, we have been friends ever since. She was always there to help when needed and someone to vent to. So many times over these last few days I've wanted to call her to share things and hear her voice. We were supposed to get old and take care of each other. I thank God I was able to be with her when He took her home. No more pain, no more shortness of breath, she can rest and breath easy now. You are missed down here.* ”

“ *Charlene was a very precious and caring person. My siblings and I have lots of fond memories of her growing up. The last time I saw her is when she came down for Judy's funeral back in May. She was a very dear cousin. My last memory is of her taking care of her parents and my parents and our grandparents graves. Charlene, God be with you till meet again.*
