“ *Mr. Greenlee was my science teacher for many years at Prairie Home High School. I have so many fond memories of being in his class! He always made learning fun and had so many stories to share with my classmates and I. He pushed my creativity in building a toothpick bridge, mouse trap car, and countless other projects. His love of teaching was evident. He will always hold a special place in my heart and I am sincerely thankful to have known him. Prayers for his family and friends in this season.* ”
