“ I have some wonderful memories of my cousin Jack. The one that stands out the most was riding on his motorcycle. I had asked several times for a ride and final my parents let me. It was great riding on it through the streets of Centralia. What I did not know was I had a 3rd degree burn when we got back. I will always remember that wonderful smile of Jack's that went all the way to his eyes. You will be missed, but that smile will always be burned into my memories.
