“ *Buster always seemed to be moving....doing something....from when I knew him years ago. My Aunt Dorothy had a special inflection and look when she mentioned him....lots of love there. My husband and I hoped to be there this morning; but I still have the flu or cold that has hounded me for several weeks. You are all in our thoughts and prayers at this tough time.....May God touch you in a special way!*

“ *So sorry for your loss. We all are feeling the loss of such a fine man. My earliest memories of uncle Buster was when I was a small child, watching my dad and all the men working on a car or some kind of contraption. My eyes were always on him, because he was such a go-getter and so funny. (Uncle Buster, please give Mom a hug for me).*

“ I cannot put into words the sorrow I feel for your loss. I was devastated when I heard about Uncle Buster, as I'm sure all who know him were. He will be remembered for the wonderful person he was. I particularly remember his sense of humor, he was really very funny. Especially, when you didnt know if he was being serious or not. But of course he was joking. I think he got a kick outta teasing us kids. I want you to know i love you all very much and have you in my heart and prayers. Please let me know if there is anything at all that I can do to help. And will someone please give Pan a big hug for me. Thank you. Love, Denise *Daughter of the late Lois Wallace Slaughter
