“ *Condolence to his family. He always would be the first to be there to offer any kind of help to those who needed it. He put so many others ahead of his own needs. “ Joe, you were my "HERO" in everything you done. You could do anything, create anything, and comfort anyone. You were my go to many many times and always knew the answers. I will miss you so much and all the things you could do, always willing to help anyone, and a very hard worker. Lots of knowledge went to Heaven with you. You were such a family man and all of us will miss you. I will always love you and remember our good times together. I will miss those daily phone calls. Your home now and no more suffering.. Sis
