“ Kelly will never be forgotten. The way her smile lit up the room and the joyous sound of her laugh. I met her when I returned to work after a deployment. We quickly became friends and she'd always greet me with, "Hey buddy" or "what's up buddy?" She taught me a lot, especially about careplans. She listened to me on some of my worst days. The love she had for her three daughters showed when she talked about them. She had pictures in her office of the girls, Dave, and herself. She was proud of the family she had. Kelly will be greatly missed by her family and all of those who knew her. May the Lord be with her family during this hard time, but may the memories of her life forever be present.

“ *I remember the first time this gal and I met was at a health fair, it was my first day on the job at Country View. Through the years we worked together, sharing a tiny office- she gave me such an understanding of skilled nursing care environment and she knew every inch of Medicare. Kelly is brilliantly smart, she was tough but had a soft side most would never see. I got to know her well and we had so many laughs. "The twig/Lilac", she gave me the nickname "Daney" that stuck to this day, our "Cinderelly @ the View video", Coffee-Coffee and did I mention Coffee! I just hope she knew how much of an impact she had on people and not even meaning to. I will always remember this gal and her beautiful family. May God hold each of you in the hollow of his hands. Love you!*
