“ My family and I were blessed to have lived right across the street from the Holme's family for a little over 5 years. Our daughters were the same age and became friends quickly. My favorite memory of Michael is one of my first. There was a massive snow storm that hit Bowling Green a few weeks after we moved in and as a family we were taking turns shoveling our driveway. Once we finished we noticed that Kim and Michael were working on theirs so my daughter and I went over to help them out expecting nothing in return. So of coarse we were very surprised when the next evening Michael showed up at our door with a huge container of freshly baked cookies to say "Thanks". It wasn't expected but it showed the families heart and the cookies well they were delish!! Love and miss you all
