“ I worked at the nursing home June was in. I later moved and stopped working there but I've thought of her a lot since I left. She was always in the best mood on the nights I worked. She loved getting her hair done, it made her feel so beautiful. She loved coming in her coloring books, one time I bought her 2 beautiful books that I knew she'd enjoy and when I gave them to her, her face lit up like a thousand suns. She was so grateful for such a small gesture, it made my night seeing how happy she was. She was a beautiful woman inside and out and I know she is definitely missed by many.
