“ *Sherry, so sorry to learn of your mother's passing. We haven't seen each other for years but my mother Neva Goodman and your grandmother Tessie were first cousins. We used to have summer family reunions at the farm. Your mother and I were in church Christian Endeavor together at Providence. She was always a fun person to be around and had a contagious smile. I would see her sometimes at Pizza Hut in Louisiana when I came to care for my parents and also stopped often to see her at the nursery. Bob and I were in a boy's quartet together in High School. If you have a public service, I would like to be notified. It would be great to see the cousins again. Unfortunately, anymore it takes a death to get us together. My e mail is dennisgoodman1947@gmail.com. We used to play some pretty cut throat card games at Tessie's. And you never left the farm hungry. May God grant your mother eternal rest and may He bring peace to your family. Dennis Goodman*

“ Sherry, I'm so very sorry about Myra's passing. I never got to know her well, but I know how very fond of her Gary was, and she had to be a very special woman to have raised such a wonderful daughter. I hope your memories of her will carry you through this difficult time.

“ Sherry n Steve my favorite memory of your Mom was how hard she tried to tan until her freckles blended with her sunburnt skin! She loved you both so much and was so proud to be your mother..... know she's happy in heaven now...she's just changed addresses. I can't help but think she's checking out heavenly plants! Hugs

“ *Such a great lady! She and Bob were like another set of parents to us wild neighborhood boys. Can't have a teen memory without thinking about hanging out at the Wortman pool on a hot summer day. More often than not Myra would be doing one of her many yard projects and catching some rays with us. I will always remember her strong, gentle spirit and that awesome smile and laugh.*

“ *I am saddened to learn of Myra Lee (as we always called her) passing. We were best friends in high school and I loved to go to the garden center (Starks) and have a good visit. Her smile and laughter were contagious to anyone around her.*  
*She was such a talented person. In high school, we would go buy material from PNHirsch after school and she would go home and make she, Kathleen, Margie and I all skirts to wear the next day at school. We were all locker mates most of our time at BGHS. We had such fun together. Nature will miss her! My sympathy to you, Kathleen. I have many fond memories of you both.*  
*Sincerely,*
