“ *I miss my cousin already! He was talented, kind, funny, smart, giving, strong and thoughtful. He spit chewing tobacco on me when we were kids because I was a little prissy and he was a whole lot on'ry as is the Jennings way. He gave the best bear hugs in the world! I know that he is with our Savior in heaven sitting at the kitchen table with our family members that passed before him telling stories (also the Jennings way). You are loved dear cousin I hope you know how much...knowing you was a blessing to me and so many others. There are really not enough words or the right words to describe what this loss means to our family, How much you will be missed, and how much you are loved...I pray you felt it! Rest in peace!*
