“ There really isn't enough I can say, Aunt Ruby and Uncle Buster were always either at our house or I would go spend lots and lots of weekends with them when I was growing up. I remember going to the Ice Cream Palace in Silvis, many times and having tacos with them and then up on the hill to K Mart to chase after the blue light bargains, this was one of Aunt Ruby's favorite things to do, she also loved yard sales and having her nails painted in her favorite bright red color, she so much loved her dog Cookie too. Aunt Ruby used to babysit for us when we were little and her and Uncle Buster lived with us for a while back then. She always raved about the ham and pineapple pizza I would make for them and for Aunt Anna Frances and Uncle Ed she always reminded me how good it was. She also got to have Italian Beef that I made for her 90th birthday and she already had her order in for more for her 91st birthday which I was going to make for her, my son Jeff went to see her abt 4 or 5 months ago so I sent her more Italian Beef at the time cuz she started to tell me she didn't think she would make it to 91, I kept telling her she would and she did by 1 day. I remember all the phone calls sometimes 2 or 3 times a day and she also spent 2 weeks with me one summer after Uncle Buster left and she was so excited that I cooked for her, when she went home she told me she had even gained a few pounds which she has always been so thin but I was so happy that she enjoyed my cooking. I know how much she missed her Buster, she told me all the time but I reminded her that she still had things to do here before she could go. She loved my youngins too and Jeff had a special place in her heart she still has a pic of him on her frig from when he was 3 yrs old she would say he was the cutest little shit I have ever seen. He made her and Uncle Buster very proud of the man he turned out to be. Will love and miss her everyday along with Uncle Buster and my Dad but they are all in Heaven now with no pains or worries, along with all the rest of the family,  
love you all so much

“ I will always remember Ruby and Jim coming by up to visit my Grandparents, and my parents. You knew there was not going to be a shortage of conversation. Ruby always called me Gary Lee, which only a few relatives called me. Even though we were not actually related, I thought of them as family. I had only seen Ruby a couple of times since Jim passed, but I really enjoyed visiting on her 90th, last year, and was going to try again this year. Unfortunately, I cannot make it to the funeral, but I will never forget Ruby, as well as Jim, and I send my heartfelt condolences to Rubys family, relatives, and friends. Gary Lee Loy Moline IL

“ To my Great Aunt Ruby , I will always remember you for the love and kindness you shared with me every summer as a child and the support you showed by giving me a push in the right direction when I needed it. I love you and you will most certainly be missed. Give Uncle Buster a hug for me. Until we meet again. Rest easy.
